

Mobile Speed Camera Locations

The following locations have been selected based on criteria developed by the RTA's NSW Centre for Road Safety in consultation with the NSW Police Force and NRMA Motoring and Services. The full site selection criteria are available at www.rta.nsw.gov.au/mobilespeedcameras

The criteria are primarily based on crash history. The following initial locations have been selected from those previously used in the NSW Police Force program, and the NSW Centre for Road Safety has reassessed these locations and prioritised those that have been identified as having a high number of crashes.

The crash data below are from 2006-2008. Crash data from 2009 are not yet complete but will be used in the selection of future locations.

Suburb/Town	Street/Road	No. of crashes	No. Killed	No. Injured
